

# Short Curriculum Vitae

a complete, regularly updated CV is available on-line  
at <http://www.ann.jussieu.fr/~coron/Documents/notice.pdf>

Jean-Michel Coron	Birthdate/place:	August 08, 1956/Paris, France
Department of Mathematics	Citizenship:	French
Université Pierre et Marie Curie	URL:	<a href="http://www.ann.jussieu.fr/~coron/">http://www.ann.jussieu.fr/~coron/</a>
175, rue du Chevaleret 75013 Paris	e-mail:	<a href="mailto:coron@ann.jussieu.fr">coron@ann.jussieu.fr</a>
France	Phone:	33 1 44 27 42 98

Married (with Claire Voisin), five children.

## Professional training

1978-1981	Corps des Mines	Engineer-student.
1975-1978	École polytechnique	Student

## Diploma

1982 Docteur ès Sciences Mathématiques, University Paris 6.  
1981 Engineer, Corps des Mines.  
1978 Engineer, École polytechnique.

## Appointments

2008-present	University Paris 6	Professor
1990-2008	University Paris 11	Professor
1987-1990	University Paris 11	Associate Professor
1983-1987	École polytechnique	Associate Professor
1981-1983	École des Mines	Researcher

## Awards

2010 Plenary speaker at the International Congress of Mathematicians, Hyderabad, August 2010.  
2009 Taft Lectures, Cincinnati university.  
2006 SIAM Outstanding Paper Prize.  
2003 Lewis lectures, Rutgers university.  
2003 - present: Senior member of the Institut universitaire de France.  
2002 Dargelos prize (École polytechnique).  
2000 Eugène Catalan prize (Académie Royale de Belgique).  
1995 Jaffé prize (Académie des sciences, France).  
1995 Franco-Britannique prize (Académie des sciences, France).  
1993 Fermat prize (Université de Toulouse).

1990 Sectional speaker at the International Congress of Mathematicians, (section : Partial Differential Equations) Kyoto, August 1990.

1990 Victor Noury prize (Mathematics section, Académie des sciences).

1987 Peccot course (Collège de France)..

### **Graduate Students**

*Ph.D.s completed (date of defense, position, Institution):* Olivier Rey (1989, Researcher CNRS, École polytechnique), Frédéric Hélein (1989, Professor, Paris 7), Fabrice Béthuel (1989, Professor, Paris 6) Alain Soyeur (1990, Professor in high school), Frank Pacard (1991, Professor, Paris 12), Thierry Horsin-Molinaro (1994, Assistant professor, Versailles-Saint-Quentin), Lionel Rosier (1993, Professor, Nancy I), El-Yazid Keraï (1996, Engineer), Olivier Glass (2000, Associate Professor, Paris 9), Christophe Prieur (2001, Researcher CNRS, LAAS), Emmanuelle Crépeau (2002, Assistant professor, Versailles-Saint-Quentin), Karine Beauchard (2005, Researcher CNRS, ENS de Cachan), Eduardo Cerpa (2008, Researcher, Santiago), Marianne Chapouly (2009, postdoc, INRIA).

*Current:* Abdelmalek Drici (2009-...), Jean-Philippe Guilleron (2009-...), Peipei Shang (2009-...).

### **Editorial activities.**

- (1990-1997) Member of the editorial board of the series *Mathématiques et Applications*,
- (since 1991) Member of the editorial board of *Annales de l'IHP, Analyse non linéaire*,
- (1995-2002) Editor in chief and founder of *ESAIM: Control, Optimisation and Calculus of Variations*,
- (1995-2007) Member of the editorial board of *ESAIM: Proceedings*,
- (since 1995) Member of the editorial board of *Math. Control Signals Systems*,
- (since 1995) Member of the editorial board of *Advances in Differential Equations*,
- (since 1999) Member of the editorial board of *Journal of the European Mathematical Society (JEMS)*,
- (2000-2002) Associate editor of *SIAM J. Control and Optimization*,
- (since 2003) Member of the editorial board of *Applied Mathematics Research Express*,
- (since 2006) Member of the editorial board of *Journal of Functional Analysis*,
- (since 2006) Member of the editorial board of *ESAIM: Control, Optimisation and Calculus of Variations*.
